SUMMARY

A highly motivated Computer Engineering student at Marwadi University, Rajkot, with experience in Java, Spring, Hibernate, MySQL, Android, and Web Development. Completed a Java Developer training, gaining hands-on experience in backend development, database management, and API integration. Passionate about building efficient and scalable applications, eager to contribute to dynamic development teams.

TECHNICAL SKILLS

Technology Known:- Java ,Spring , Hibernate , Junit

Android Development :- Android Studio, Android SDK, Java , Firebase

Web Development :- HTML , CSS , JavaScript

IDE / Tools / VCS :- Visual Studio Code , Android Studio , Git , GitHub , Eclipse , Tomcat

PROFESSIONAL EXPERIENCE

Java Developer Trainee - Surekha Technologies

Jan 2025 - Feb 2025

- Completed 2-month training in Java, Spring, Hibernate, and MySQL.
- Built backend solutions, handling CRUD operations and integrating with databases.
- Enhanced skills in API development, debugging, and optimizing queries.

PROJECT EXPERIENCE

Event Management System

Jan 2025 - Feb 2025

- Developed a Spring Hibernate-based Java application with entities: Events, Participants (One-to-Many), and Sponsors (Many-to-Many).
- Used Spring annotations for dependency injection, transaction management, and entity mapping.

Android E-Voting System

May 2024 - Dec 2024

- Developed an Android application enabling organizations to conduct elections by managing candidate and voter data in Firebase.
- Implemented secure voting functionality with real-time database updates using Java and Firebase.
- Built the app in Android Studio, ensuring a user-friendly interface for voters and administrators.

EDUCATION

B.Tech-Computer Engineering (2021-present)

- Marwadi University , Rajkot , Gujarat
- CGPA :- 7.3 upto 6th semester

Intermediate (2021)

- Central Board of Secondary Education
- Percentage :- 80.8%

Matriculation (2019)

- Central Board of Secondary Education
- Percentage :- 85.4%

CERTIFICATES

Cisco Networking Academy

- NDG Linux Essentials
- Introduction to Network

Coursera (University of Michigan)

- Python for everybody
- Python Data Structure

Oracle Academy

- Database programming with SQL
